

## A tribute to Pauline at Meyer House Care Home

**It has been a very sad time at Meyer House Care Home recently as we have lost one of the very best – our dear Carer Pauline.**

Pauline worked at Nellsar for 16 years, until she recently lost her hard-fought battle against cancer.

To say Pauline will leave a huge void is an understatement, as **she really did put the 'care' into 'Carer'**. She worked alongside her best friend Brenda for many years, and their kindness and generosity to our residents has not gone unnoticed and will never be forgotten.

**Pauline will be greatly missed by everyone;** colleagues, residents, families and anyone who visited our Home will always remember her **fun-loving nature**. One of her favourite things to do was dressing up and **she'd jump at the chance to put on a costume!** Our entertainment would always be planned around Pauline's shifts, as she had an outfit or bought a t-shirt for every single occasion. If any of our Carers didn't have an outfit, Pauline would get one for them.....*no one got away with it!*

*Her energy was wonderful to witness and she could often be seen **dancing with our ladies and gents**, who loved her. In tribute to her, we've had so many beautiful comments from our residents and team members. Here are just a few:*

*"One of a kind"*

*"A heart of gold"*

*"She genuinely cared about us residents"*

*"Funny, kind and will never be replaced"*

*"They broke the mould when they made Pauline!"*

Pauline's legacy will be carried on at Meyer House and the joy and laughter she brought to our Home will be remembered forever.

**We miss you Pauline.**

Love from everyone at Meyer House xxx
