

Great granddaughter twins visit Meyer House Care Home

Our lovely Meyer House Care Home resident Freda was extremely surprised last week when her gorgeous great granddaughter twins Amelie and Elodie arrived unexpectedly to see her for cuddles.

Freda had been patiently waiting for this moment since their birth, and **thoroughly enjoyed every second** she spent with them. It was so beautiful to see her with the babies – full of wonderful emotions.

She's already counting down the days until their next visit!
