

## **Its beginning to look a lot like Christmas at Meyer House Care Home**

**Santas's little helpers at Meyer House Care Home are ready for Christmas! We've decorated the whole Home with lights, stockings, banners and festive hanging decorations.**

One Christmas Tree is never enough so we have several throughout the **Home** – including a flashy fibre optic tree this year.

Residents can send their letters to Santa with our special post box and our Santas' workshop sets the perfect scene, complete with a giant Rudolf cut-out!

Santas's sleigh filled with presents adds a touch of magic and the teddy bear snow scene is too cute.

***Merry Christmas to you all from Gill and all of Santa's cheeky elves here at Meyer House!***
