

Meyer House Care Home gents enjoy a pamper day

Our gentlemen residents were in for a treat on Tuesday 21 May here at Meyer House Care Home, as we hosted a special pamper day just for them.

Many enjoyed some relaxation treatments including bubbling foot spas and moisturising facials.

As part of the day, the gents watched ice-hockey together, whilst enjoying some bitter shandies. It was lovely to see them enjoying each other's company and looking so relaxed.

They thoroughly enjoyed their special day and are already looking forward to the next one!
