

## **Meyer House Care Home ladies pamper day**

**We love spoiling our ladies at Meyer House Care Home and we recently arranged a special pamper day for them on Wednesday 22 May.**

The ladies loved being pampered! They had their nails and toenails painted in a polish colour of their choice. They also enjoyed soothing head and shoulder massages, which really helped them relax and unwind.

Our staff ensured the ladies were offered a variety of perfumes to choose from too - so we had wonderful wafts of lovely scent through our **Home!**

The group enjoyed watching television and reading the papers together, whilst drinks and biscuits were served.

*A thoroughly successful day of relaxation and pampering!*
