

Meyer House Care Home residents make Easter cards together

As Easter approaches, we wanted to get creative with our residents here at Meyer House Care Home, so we got to work on making some Easter cards this week.

Our ladies and gents really enjoyed colouring in their Easter pictures, with Liza giving a helping hand.

These types of artistic activities are excellent at keeping our residents focused and happy, especially at the moment with our doors closed to visitors. We know their families will enjoy receiving their colourful creations.
