

Meyer House Care Home residents make personal travel journals

As we are going to be enjoying lots of armchair travel in the coming months here at Meyer House Care Home, we have decided to keep journals of our travels and adventures!

Our residents have been creating their own **personal memory books** to keep, with a 'Let the adventure begin' quote and map on the cover. They look fantastic and will be super for putting all our photos and memorabilia in.

We just hope we've got enough pages!!

We enjoyed compiling our journals
