

## Meyer House Care Home residents prepare to arrive in France

**We're all excited at Meyer House Care Home for our next Around the World with Nellsar Cruise adventure this month.**

We're sad to leave Italy behind us, but glad to be heading over to **France** for a change of scenery, activities and food!

Our residents have been learning all about **inventions which originated in France**, including the **hot air balloon**. So we decided to make our own **hot air balloon pictures**!

We've also made **flags, posters** and **bunting** all ready for our arrival on French shores.

*We can't wait!*
