

Meyer House Care Home wins Bexley in Bloom silver certificate

We may have a small size garden at Meyer House Care Home compared to other Nellsar Homes, but Laura our Receptionist thought it was worth entering a gardening competition organised by Bexley Council this year – 'Bexley in Bloom'.

The competition encouraged different businesses from around Bexley to participate and entries were independently judged by The London Gardens Society.

Imagine our delight when we received a **Silver Certificate and £50 voucher** for our '**Container(s) Display Award Category**' entry; such a lovely surprise! The **Mayor of Bexley**, Councillor Nick O'Hare, came to present our prize and congratulate us on our garden entry.

We were kindly helped by **donations of hanging baskets and planters from families of previous residents**. Our residents also planted their own sunflowers using the seeds they received in their Queen's Jubilee goodie bags.

A real team effort – well done everyone!
