

## **Pet Therapy dog Suzi visits Meyer House Care Home residents**

### **Time with Suzi**

**It was lovely to see Suzi again last week at Meyer House Care Home after she had returned from her holiday to Devon.**

Everyone was so pleased to be in her company and she enjoyed all the attention she received, as she visited our ladies and gents in their rooms and in the lounge.

She returned this week for more cuddles and attention from everyone plus lots of little treats!

Suzi came on her own on Tuesday but sometimes brings her special baby brother Albus with her who is getting prepared for his Guide Dog training, such a clever boy!

## Name that tune

We also enjoyed playing 'Name that tune' on Thursday 6 October with our resident **Jack playing his harmonica** for our other residents in the lounge.

They thoroughly enjoyed it and guessed all of the tunes. *Great fun!*
