

Puppy Lydia visits Meyer House Care Home residents

We had a lovely surprise at Meyer House Care Home last week, when instead of our usual Pet Therapy dog Susie coming to visit us, we were greeted by her little sister - 'Puppy in training' Lydia.

Lydia melted the hearts of all of our residents and staff, as she spent time in our **Home** being petted by everyone. At one point she lay down for a snooze after all the attention!

We are sure she will be as loved as Susie is and we are delighted we all got to meet her!

It's exhausting being so popular!
