

Residents at Meyer House Care Home arrive in Rome on their virtual Cruise

We all enjoyed making Venetian masks and flags for our arrival in Italy last week, as part of Around the World with Nellsar Cruises.

The masks were quite fiddly, with jewels and feathers which took a little while, but they were definitely worth it and looked great!

We arrived on our **Cruise in Italy** and the port of Rome, where the **Pope** was there to greet us!

We decorated our **Home** in **themed decorations** and had a special **pinboard display**, full of interesting information, maps and pictures about Italy.

And we've been enjoying some **lovely Italian cuisine** too!

We loved making our masks and decorating our Home
