

Residents make beautiful cards for their families at Meyer House Care Home

We made some wonderful greetings cards recently with our residents here at Meyer House Care Home.

Our ladies and gents chose black and white photos of themselves to use and between them decided on a lovely verse to go inside:

*'Here's a card
With a handmade touch
Just to remind you
I love you so much'*

We posted out the finished cards to their loved ones as a surprise and the response we have had has been amazing. Families have rung to thank us, and although some were in tears, they assured us they were happy tears!

We're sure you'll agree, the photos of our lovely Doreen, Maggie, Bill, John, Betty and Hugh – just a few who enjoyed taking part – are really special. We are so thrilled they have gone down so well!

Writing cards to loved ones
