

Staying Cool at Meyer House Care Home

We've had our fair share of hot days in recent weeks haven't we? We kept our residents here at Meyer House Care Home cool and entertained with lots of ice lollies, fresh fruits, berries and ice cream. Not forgetting suncream and hats and sitting in the shade!

Our ladies and gents have enjoyed a spot of knitting, reading newspapers and flicking through magazines while listening to music. Residents sampled many-a-Mocktail, or a nice iced tea, and all the soft drinks you can think of! We even cooled off by dipping our feet in the paddling pool.
