

The Wild West arrives at Meyer House Care Home

We were treated to a fun-filled Country and Western Show last week at Meyer House Care Home, performed by our own team member Debbie and her husband Steve.

We **decorated our lounge** as a Western saloon bar and barn, and our residents all looked the part in their neckerchiefs and **cowboy hats**. There were plenty of **horses** to catch a ride on too!

The duo put their heart and soul into their fantastic singing; we had a **real hoedown** and a **great time together**.

Yeee-haw!
