

## Treatments and home made sausage rolls at Meyer House Care Home

**This week, we were excited to hold a special pampering afternoon for our gentlemen residents here at Meyer House Care Home.**

Our '**Men's Barber Time with Beers**' experience was wonderful! Wet shaves, foot and hand massages and barbering were on offer - and heaps of TLC!

We ensured we had a selection of newspapers, old TV comedy programmes and beer on offer too, to make the whole experience thoroughly enjoyable. It was a big 'thumbs up' from our gents who really loved all the treats and relaxation.

We've also been busy making sausage rolls this week with a group of our residents. It was a big team effort, with relatives joining in with the chatter and laughter.

*Well done to all our bakers - the finished sausage rolls were delicious!*
