

Welcoming Dulcie to Meyer House Care Home

We are delighted to introduce our new Meyer House Care Home resident Dulcie.

Whilst chatting to Dulcie, and going through her life story with her, she mentioned she used to have **a passion for painting** but being bed-bound now felt she could no longer paint. Our Activities Team did not agree and supplied Dulcie with an **easel, canvass and some paints.**

And wow, look at this picture! What a talent at 101 years old.

There's going to be no stopping Dulcie now and we can't wait to hang her artwork up for everyone to enjoy.
